

SYB

HALLOWEEN 2026 · LOS ANGELES

Halloween, after dark.

The act

SYB is a masked DJ: no name, no face, a helmet of gold mirror tiles and a closed black visor. For Halloween the set runs at 128 BPM through haunted disco, 80s horror disco, gothic organ house, crypt dub and Dia de Muertos Latin house, every blend in key and locked to the beat, every drop on the beat. SYB plays live around the clock on YouTube. The music is the face.

Halloween is the one night everyone wears a mask. SYB wears one every night.
